Official handover at Nuremberg harbour

Spedition Amm adds 151 Krone trailers to its fleet

Nuremberg, October 2020 - Amm Spedition has ordered more than 150 Krone units in the years 2019 and 2020. The symbolic handover of the 150th vehicle has now taken place on the premises of the forwarding agency at Nuremberg harbour by Krone Regional Sales Manager Johannes Bründl, who thanked the company on behalf of the entire Krone team for the excellent and cooperative collaboration.

Ralf Amm and Alexander Richter, managing directors of Amm GmbH & Co KG Spedition, received the 150th vehicle, a volume trailer from the Krone Mega Liner series, and explained that the trailer would be used immediately. Ralf Amm emphasised that especially the personal commitment, the vehicle quality and of course also the price-performance ratio were strong arguments for the decision in favour of Krone.

With its lower chassis, the Mega Liner is designed to offer a loading volume of 100 m³; in addition, it has a highly efficient hydraulic elevating roof and a practical hydraulic rear widening, which enables loading and unloading at top speed.

"We have always paid attention to the requirements of our customers. This means that the technical know-how and the equipment must be just right, but the human factor is responsible for its realisation. This is fully in line with our philosophy: we build on a partnership that literally moves things," continues Ralf Amm.

About Amm Group

The owner-managed Amm Group offers numerous transport facets; these include transport and contract logistics (incl. general cargo), heavy and special transport as well as CargoLine and container transport. Amm currently has more than 750 employees, uses around 400 trailers, 160 vehicles, 210 vehicles from contractors and more than 300 swap bodies. The company, founded in 1966, has more

than 130,000 sqm of storage space and around 20,000 sqm of handling area.
