Perfect for the 75th birthday

20 new Profi Liners for Heinemann

Korbach/Werlte (DE), in November 2020 - During the official handover of 20 new semi-trailers of the Profi Liner series, Dr. Frank Albers, Krone Managing Director Sales & Marketing and Krone Regional Sales Manager Norbert Brink congratulated the forwarding agency Heinemann on its 75th anniversary. Managing Director Susanne-Petra Heinemann and Fleet Manager Siegfried Kesting received the vehicles with the eye-catching inscription 'The Krone team congratulates on 75th anniversary' at the local depot in Korbach.

"Our company philosophy was already influenced by my father Walther Heinemann when the forwarding agency was founded in 1945. We guarantee our customers a maximum of quality, reliability and adherence to delivery dates. In order to achieve these goals, also from an ecological point of view, we regularly invest in a modern fleet of vehicles - and since 1974 we have also relied on Krone", emphasised Susanne-Petra Heinemann.

Dr. Frank Albers expressed his thanks for the latest order and congratulated on behalf of the Krone family and the Krone team in Werlte. "The Heinemann forwarding agency was one of the first Krone customers. Already in the early 70s, shortly after the founding of the vehicle factory, we find the name Heinemann in our old order books. Just like Krone, Heinemann is also a family-run company. Both companies share the same values such as reliability and quality. We all, especially Bernard Krone and Dr. Bernard Krone, regret very much that the planned handover in Emsland could not take place due to Corona, but postponed is not cancelled. We hope that next year we will be able to meet again for the planned visit including guided tours of the Krone sites in Werlte and Spelle".

About Heinemann:

Heinemann offers local, long-distance and special transports as well as moves. The storage area of the company amounts to over 4500 square meters. A careful transport advice and a conscientious

execution of all orders are the foundation of the now 75-year-old company. As a renowned medium-sized family business, Heinemann combines traditional values such as quality and punctuality with state-of-the-art transport solutions of the highest precision to create a tailor-made logistics concept.
