400th Krone Trailer for freight forwarding company Peiffer

Werlte/Freisen, January 2016 - Freight forwarding company Peiffer and Fahrzeugwerk Krone are celebrating two significant anniversaries: For 40 years Peiffer has been a customer of Krone and recently picked up their 400th Krone vehicle, a Profi Liner. "Krone and Peiffer have a lot in common: As owner-managed companies we are particularly customer-oriented and innovative. Besides that, we both act with focus on absolute quality leadership and have therefore decided once again in favour of a Krone Profi Liner. The Profi Liner is a versatile vehicle with excellent load securing properties", states Managing Director Axel Peiffer. Bernhard Krone thanked Peiffer for their long-year confidence vested in Krone. "As far as we are concerned, business relations lasting over generations are a token of excellent, fair cooperation. Speaking with the customers on an equal footing, taking their concerns and issues seriously and always offering a suitable solution, that is our philosophy which we consistently pursue. In this regard, we would like to thank Spedition Peiffer for the confidence vested in Krone and look forward to continuing this exceptionally good relationship in the future." About Spedition Peiffer: The freight forwarding business was established by Adolf Peiffer in Wallhausen in 1956. Today's service centre includes a large warehouse and workshop - the current headquarters of the company was established in 1970. Additional depots have been opened in Leipzig, Erfurt, Bielefeld, Legnica (Poland) and Saarbrücken. Peiffer offers regional, national and international transport solutions with routes from West and East Europe. Scheduled transit times ensure maximum reliability. The fleet currently includes 70 tractor units and 100 semi-trailers.
